* Social Science Stream students should normally have completed taking 6/9 units of Faculty Package courses (including SOCI1001) during their first year of studies. In this connection, they can choose to take as few as 18 units of SOCI courses (including required courses) in their second year of studies.

Note:

1. Students are required to complete a minimum of 6 units of elective courses at a level of 3000 or above.
2. This is a study plan recommended for students who plan to study at CUHK for the whole normative study period. For those who plan to go out for exchange during regular Term 1 and/or Term 2, students should closely observe the University residency requirements and might need to take more courses in a term than recommended above.
